An iconic, restored, landmark DANIEL REED concept. Derived from the Georgia Hussar's colorful military history and erected in 1896 on the lot that occupies the eastern half of lots 3, 4, and 5 of Jasper Ward behind the Fay House, Artillery gives subtle references to the history of the site; from details inspired by the volunteer militia group of mounted rangers that built it to the many retailers and businesses that occupied the building over the course of the past century. Artillery is located where the Georgia Hussars' armory once housed the cavalry's artillery.

The concept for the interior respects the late 19th century eclecticism and romanticism seen in the building's original architecture and iconic façade while introducing the modern design elements our group is known for.

Artillery offers an extensive signature and classic cocktail list as well as a curated wine by the glass and bottle list.

Named after President Franklin D. Roosevelt, Franklin's is a jewel box tucked into a unique space in the heart of Savannah's historic district. Connected to The Public Kitchen & Bar, Franklin's offers a made-to-order brunch menu, grab & go selections, as well as freshly prepared bakery items and coffee!

Franklin D. Roosevelt rationed coffee during WWII, the only time in our nation's history, and was quite the barista himself. According to his wife Eleanor, he had his own trick for brewing during his time in the White House as even the president was limited to one cup a day!

Inspired by all things art deco, the warm and inviting interiors transport you to the era of the 1930's. Everything from the lighting, to the custom built furniture and displays, reference themes from this iconic period in time. Franklin's window counter seating and french inspired cafe tables and chairs offer the perfect spot to observe our beautiful city; morning, noon, and night!
